Walking with Jesus from Samaria to Jerusalem
Luke 10:1-11.16-21 – Sent Out

- Quick ice-breaker: What is your favourite place?

- 10:1 – some translations have 70, others 72 followers – either way consider if there may be something symbolic about the number. Refer to Genesis 46:27 & Numbers 11:16 & 26. If there is a reference here to all the people of Israel, what is the implication for us?

- Jesus sent the 72 out 'to every town and place where he was about to go.' Go round the group – where are all the places that you go to between you? How many different places are there?

- Do you consider that you have been sent into these places? If so, what does it mean to be sent ahead of Jesus into these places?

- Share encouraging testimonies of places where you have been aware of being an ambassador for Jesus - you may like to particularly consider the workplace and the internet.

- People of peace 10:5-7. What sort of people are these? Do you have examples to share? How might we know who they are?

- How might we seek to be more connected with the different places and different people we encounter each week?

- 10:17-20 – you may like to unpack this a bit – why might Jesus have said to the 72 when they returned 'do not rejoice that the submit to you, but rejoice that your names are written in heaven.'?

- Pray for one another, thinking particularly of the places that you are being sent into, and for people of peace to meet there, that we might all be able to proclaim 'that the Kingdom of God is near you.'
